MODERN MAXI

Welcome to skirt season. When you're not quite ready to slip on your summer dress but you want to move out of hibernation and your winter cords, say hello to the maxi skirt. They look cool and feel swishy, while creating a stand-out style - more fabric, more drama! There's no better way to add instant showmanship to your outfit; you'll immediately feel dressed-up even with a jumper and trainers. Spring dressing? It's a breeze.

RIGHT AS RAIN

Unexpected downpour? Fashion editors carry a trusty L hood rain hat in their bags - it's a wet-weather game-changer. Unlike its bulky umbrella counterpart, and much, much cooler than a 'plastic granny bonnet', this rather brilliant design can be worn round the wrist then unfolded and worn as a waterproof hat at a moment's notice - useful when it rains just as you leave the hairdresser!

Jumper: E60, xs-xl, Boden.
Hood: E49.99, L hood
